Since 2001 *Shy Wolf Sanctuary, Education and Experience Center*, has been maintained entirely through volunteer efforts, sponsorship and donor support.

Resident animals include not only wolves and wolf-dogs, but big cats, foxes, tortoises and prairie dogs. Through the years, our educational visits and programs have reached tens of thousands of people. Our educational programs focus on a variety of topics, including: environmental responsibility, personal responsibility to pets, how to safely approach strange animals, knowing their purpose and finding yours, kindness, how animals adapt to their environment, and many more. Programs can be scheduled by contacting us.

Shy Wolf Sanctuary is also involved in rescue efforts throughout the country. Our resident animals come to us from many urgent situations. Some have been rescued from roadside zoos, found wondering after escaping from improper confines, rescued from shelters where they would have been euthanized, or from owners who have abused and neglected these beautiful animals. They all have one thing in common, the need to find a safe home where their needs are recognized and can be met: *Mind, Body & Spirit!*

We would like to thank you for your generous donation to sponsor one or more of our wonderful animals. Every dollar goes to providing them with a safe and enriching environment, food and medical care, while enabling them to continue educating our guests and community.

Want to VOLUNTEER? Please Visit our website at:
