The Collier County Sheriff's Office has partnered with The Shy Wolf Sanctuary Education and Experience Center to display a series of photographs of exotic animals housed at the sanctuary in Golden Gate Estates.

The CCSO's Community Gallery, on the second floor of headquarters in Building J of the Collier County Government Complex in East Naples, will host the Digital Photography and Imaging Club of Naples exhibit through March.

Sample photos are presented here with basic information provided by the CCSO.

Founded in 2001, the sanctuary is a nonprofit organization that rescues and provides sanctuary to unwanted, neglected, abused and abandoned exotic animals. It is run solely by volunteers and donor support. Animals on site include wolves, wolf dogs, sugar gliders, prairie dogs, gopher tortoises, bobcats, cougars and silver-tipped red foxes.

Visits are by appointment only. Call 455-1698 or email shywolfsanctuary@aol.com.

The exhibits featured at the Community Gallery rotate every three months.

There is no charge for admission.
