

## Who We Are

Shy Wolf Sanctuary Education and Experience Center provides sanctuary and rehabilitation to unreleasable-wild and captive-bred exotic animals. The wolves, wolfdogs, and other exotic animals are housed on 2.5 acres in Naples, Florida.

For all of our animals, we are their last hope and are their final home.

At Shy Wolf we work year round to educate the public about the importance of protecting these animals. We are supported by over eighty active volunteers. Shy Wolf shares its message with school-age children through its school programs and offers opportunities for healing through relationships with our animals in our Healing Hearts Program.

## Character Education

Shy Wolf believes that animals have many things to teach us about character. Our animals are examples of perseverance, acceptance, tolerance and many other character qualities. We have developed trading cards featuring our animals, a specific character trait, and a description of that trait. These may be used in a classroom to teach each of the traits or to reinforce the character trait when it is seen in a student.

## Educational Opportunities

## Our Mission

**To heal hearts and minds  
through rescue, sanctuary,  
and education.**

# Shy Wolf Sanctuary Makes Learning Fun!

## Live Animal Ambassadors Professional Educators Fun and Interactive Science Based

During our education programs students are introduced to ambassador animals. Students connect with the animals and are able to develop an empathy that translates into awareness of their environment and conservation issues. This understanding empowers students to develop a sense of purpose to protect Florida and the world.

### Program Presentations

- Character Education
- Living With Wild Life
- Exotic Animals and Conservation
- Phenotyping: Wolf or Wolfdog
- Habitats and Ecosystems
- Adaptations in Animals
- Gopher Tortoise: Keystone Species
- Senses with Shy Wolf Animals

## OUR APPROACH AND EDUCATORS

Our trained professional educators will visit your site and bring ambassador animals. We can accommodate single or multiple classes, and are flexible to meet anywhere, even outside. Lesson plans and trading cards can be provided to coincide with the visit and may be used either prior to the visit or as a review after the visit.
